<p>3. Although exposure is unlikely, do you accept the risk and consent to participate in sessions at our studio?</p> <p>As with the transmission of any communicable disease like a cold or the flu, you may be exposed to COVID-19 at any time or in any place. Despite our careful attention to sterilization, disinfection, use of personal barriers, HEPA filters, and vaccination of staff, there is still a chance that you could be exposed to an illness in our office, just as you might in the community. "Social Distancing" and wearing masks reduces the transmission of the Coronavirus. Although we have taken measures to reduce exposure, due to the nature of the services we provide, it is not always possible to maintain social distancing between the clients/patients, providers, and staff at all times.</p>	<p>YES NO</p>

I have signed this document truthfully and to the best of my ability.
